

## Mission Statement

**The Swiss Biotech Association is a non-profit, member-driven organization representing the interests of the Swiss biotech industry. Swiss biotech companies are leading the way in developing and commercializing innovative medicines, diagnostics, healthcare treatments, services and enabling technologies.**

Our core objective is to ensure that the value generated by the Swiss biotech industry continues to grow and that the industry contributes to the well-being of the socio-economic ecosystem thereby enabling Switzerland to be a key player at the forefront of bioscience innovation.

To this end, the Swiss Biotech Association is dedicated to supporting Swiss biotech companies through the following:

### Developing favorable and competitive framework conditions

- Creating awareness of the biotech industry's needs and interests with policy makers
- Advocating a competitive tax system alongside lean and pragmatic regulations
- Fostering life science education, technology transfer and intellectual property

### Attracting talent, know-how and financial resources to drive innovation and growth

- Promoting and facilitating access to funding opportunities
- Connecting investors and attractive biotech investment opportunities
- Facilitating access to national and international talent

### Fostering networking through strategic, national and international partnerships

- Connecting industry stakeholders and life science clusters
- Organizing and co-promoting national and international life science events
- Providing access to privileged information through industry platforms and working groups

### Promoting the accomplishments of the Swiss biotech industry

- Disseminating the value-creation of Swiss biotech companies
- Visualizing the diversity and competitiveness of Swiss biotech companies
- Presenting innovative products and technologies and their contribution to quality of life
